

Social Impact internship opportunity

Are you looking for a challenging internship in the social Impact space? Would you like to be part of a highly professional, mission-driven team in a true start-up spirit? Then we are what you look for! Telos Impact, a Brussels-based advisory firm on Impact Investing and Philanthropy, is looking for a self-driven team player, passionate about driving social impact, to join the team on a temporary basis.

OBJECTIVE OF THE INTERNSHIP

Your mission will be to support the team in delivering its mission of growing the field of Philanthropy and Impact Investing in Belgium – especially by taking ownership of those strategic areas of impact that we would like to develop but haven't found the time for in the rush of daily start-up operations.

WHAT WILL YOU DO

As an intern you'll be a full member of our team, right from the start. The exact role will depend on our needs at the time of your internship and your preferences, and will be discussed during the interview process.

A few examples of possible responsibilities:

- Build our knowledge base on Venture Philanthropy, Impact Investing and Collective Impact (e.g. through desktop research, meetings with experts and key stakeholders in the industry)
- Work on a real client case closely with the team
- Map the landscape of non-profit/social enterprises, and identify priority areas for Telos Impact
- Develop training materials for foundations on topics such as Strategy, Talent Management, Project Screening and Monitoring, Capacity-building,...

WHAT WE OFFER

- Impact! A real contribution to the development of a mission-driven company and of the Belgian market for philanthropy and impact investing at a crucial stage of its development
- Learning! On-the-job coaching as and when needed by a team of cutting-edge professionals with solid experience in business (incl. leading consultancies and Private Banks) and public / social Impact sectors (European Commission, Teach for Belgium)
- Fun! A dynamic and innovative working environment, driven by a caring team
- Rewards! A competitive compensation and full coverage of expenses
- Flexibility! We will think together about how to structure your internship project to maximize its relevance for you (e.g. exact topic, duration, valorization toward ECTS credits,...)

WHAT WE NEED FROM YOU

- Excellent academics, preferably in Economics, Commercial/Business/Civil Engineering or MBA/MPA
- Demonstrated interest in Social Impact
- Recently graduated or currently pursuing Master's degree
- Mastery of at least 2 of the following languages: French, Dutch, English
- Other skills that would be a plus: Financial modelling, Project management and/or Knowledge of impact measurement methodologies

HOW TO APPLY?

Send your CV and motivation letter, as well as your availabilities, to Telos impact (info@telosimpact.com). More information? Check our website: www.telosimpact.com.
