

# Impact Investing – Analyst Intern

Six Months Starting September 2022, Brussels

Fluency in French is mandatory

## Who we are

Telos Impact is a Brussels & Paris-based advisory firm in Impact Investing and Philanthropy. Established in 2015, Telos has helped its clients deploy more than €150 million to high impact solutions and entrepreneurs. Since 2018, Telos' impact investing team conducts venture capital investments in companies that solve some of the most crucial environmental issues.

## What you will do

You will support the team in:

- Fund of fund: participating in the build up of a new investment vehicle targeting best-in-class climate funds in Europe with different strategies and geographies
- Venture Capital: building a pan-European portfolio of direct investments (mostly at scale-up stage), focused on the following themes: water, plastic pollution and sustainable food

Key responsibilities will include:

- Sourcing & screening investment opportunities, both Venture Capital and funds
- Analyzing investment opportunities (impact, business, market, financial & industry analyses)
- Knowledge building on our focus sectors through desktop research and meetings with experts

The role should involve a fair amount of direct exposure to inspiring entrepreneurs and experienced investment professionals.

## What we offer

- Impact, contributing to the success of a mission-driven company at a crucial stage of its development
- Learning, high exposure to the fascinating impact Venture Capital industry, with on-the-job coaching
- Fun, dynamic and innovative working environment, driven by a caring team
- Rewards, compensation and full coverage of expenses

## Who we are looking for

- Recently graduated master's degree or gap year student, with excellent academics
- Demonstrated interest in environmental topics
- A first meaningful professional experience
- Good understanding of corporate finance, strategy, investments
- Self-starter and independent thinker with strong problem solving, analytical & synthetical skills
- Strong oral and written communication skills
- Strong relational skills
- Fluency in French and English
- Other skills that would be a plus: financial modelling, knowledge on our impact themes and on impact measurement methodologies

## Application details

Please fill in this form: <https://bit.ly/internship-telos> before May 31st, 2022, and we'll get in touch with you.
